Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 30 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny spells and overnight frosts, very warm on Wednesday.

This Evening and Tonight:
A dry night with plenty of clear skies across the country, although some patchy low cloud is possible towards the earlier hours and perhaps the odd fog patch. Minimum temperature 6 deg C (43 deg F).

Wednesday:
A dry day the occasional spot of patchy cloud but with plenty of sunny spells, then turning cloudier into the night. Feeling very warm, especially away from any coastal winds. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
Temperatures move back down to average into this period, though southern parts may see warmer temperatures Thursday, with sunny spells and patchy cloud. Cold in the nights, with frosts possible.
